

**OÙ SONT  
LES SONS  
WHERE ARE  
SOUNDS?**

**INVITATION**

**Sound in Visual Art  
Round table**

28-06 2017  
13:30 > 18:00

CENTRALE for contemporary art and OVERTOON, Brussels platform for sound art, kindly invite you for the round table event *Sound in Visual Art*.

An international panel of experts will gather to debate sound in visual art. Over the recent years we have observed a revived dynamic in the role of sound throughout a variety of visual art work. In the course of an afternoon we want to take a closer look at this hybrid field with interventions by curators and artists who have affinities with the dimension of sound in art.

The round table is an event in the context of the exhibition *Où sont les sons? Where Are Sounds?* curated by Nicole Gingras, with the support of Kunstenpunt.
